Find with Item #

Online Designer Tips

Image File Type: .JPG or .PNG

Image & Font Placement: They'll appear in the center of template at 1st. Click & move to top-left label.

Copy to Every Label: After moving content to its ideal location, look at the top bar for the phrase "Duplicate to All". Click & your content will show up in the remaining labels!

Printing Support

Crisp Printing: Your Printer's Type should be set to: Labels, Heavy, Thick or Cardstock

Alignment: Your Printer's Scale should be set to: Default, Actual Size or 100.

Alignment Cont.: Some browsers ignore the Printer's Scale setting. In this case, Download the designed PDF, Open in Adobe Reader & Print from there.
